

**XVI<sup>th</sup> Cologne Minisymposium on Plant Biology**

**Plant Signalling Pathways**

Wednesday – March 26, 2014

**Program**

**Welcome**

- 13.00 – 13.45     **Leonie Kokkelink, University of Cologne**  
*Analysis of the SPA1 N-terminal domain in Arabidopsis light signaling*
- 13.45 – 14.30     **Georg Kreimer, University Erlangen**  
*Functional analyses of a primordial visual system: The eyespot of Chlamydomonas reinhardtii.*
- 14.30 – 15.00     Coffee Break
- 15.00 – 15.45     **Axel Mithöfer, MPI-CE Jena**  
*Insect herbivory-induced calcium signaling in plants.*
- 15.45 – 16.30     **Laurent Nussaume, CEA Cadarache**  
*Phosphate uptake in Arabidopsis thaliana*
- 16.30 – 17.00     Coffee Break
- 17.00 – 17.45     **Heribert Hirt, URGV Paris**  
*tba.*
- 19.00             **Dinner in “Hellers Brauhaus”, Roonstraße 33,  
50674 Cologne**

Guests are welcome!

---

**Venue:** Lecture Hall 0.024 Cologne Biocenter, University of Cologne, Zülpicher Str. 47b, 50674 Cologne
